## Only at Destination ImagiNation

DI Later and Team Managers and Officials' Competitions would you see fat penguins, giant wild birds and a schizophrenic scientist! Welcome to the world of creativity!

For the first time at Global Finals, DI Later, a program that lets adults get in on the creative competitive fun, featured competition in Cartoon DIMensions. Team "Old DI but Good DI" hammed it up for the "judges" and had a great time!

Next came the ever-popular Team Managers & Officials' Competition. This "just-for-fun" event put in the spotlight the people who usually are behind the scenes helping teams in their performances. These folks held their own during competition to feed the starving penguins, and proved their creativity in costuming!
